First printing of an original poem. written daily for The Washington Herald

UNCONQUERABLE.

From wee and care I'm not at all exempt, But holding them in such supreme contempt As things pestiferous by Fate designed To test my soul, and stimulate my mind, I snap my fingers at them, and with glee Defy them since they cannot conquer me. (Coppright, 1715.)

people know Shaw.

his death brings them sorrow.

The man who murderously attacked Lco Frank in the Georgia State prison had already killed two men, and it would appear that placing him in close confinement was a precaution that should have been taken before instead of after the attack on Frank. Prison tragedies have been altogether too frequent lately, and it is not improbable that the prison uplift movement is in a measure responsible.

President Compers, of the American Federation of Labor, should be given the support and co-operation of his entire organization and the public generally in any steps he may deem necessary to circumvent the efforts of foreign arents by bribery or intimidation to create internal dissension in the ranks of union labor, resulting in strikes by workmen who have no grievances against their employes,

cois post because recently a can of it exploded as product at least that the Postoffice Department is not apparent, as the Edison talking picture will permit the express companies to treatpert.

If you will look into their lives you will find, that have caused the exhaustion and the defeat. On the other hand, there are those who are never bothered by the little things. These they have placed in the realm of habit, where the little The slightest miscalculation by a German sub- things of life are so quietly attended to, so easily,

Summing Up the Case.

The Germans began this argument by carefully planning an act which resulted in the death of over 100 inoffensive American citizens. The exploit has been treated as a justifiable act of war, which Americans have no right to resent, and the repetition of which can be avoided only through the surrender by the United States of certain rights enjoyed by American citizens under international law. The American government

in affairs (1768-1783) were years which bred a revolution in England no less inevitably than in America.
His stubborn instinct of mastery made

him dub the colonists "rebels" upon their of resistance; he deemed the ham he called a "trumpet of sedition" because he praised the colonists for their spirited assertion of their rights.

The nature of the man was not sinister. Neither he nor his ministers had any purpose of making "slaves" of the col-

Their measures for the regulation of incontestably the colonial trade were incontestably conceived upon a model long ago made familiar in practice, and followed precedents long ago accepted in the colonies. Their financial measures were moderate and sensible enough in themselves, and were conceived in the ordinary temper

What they did not understand or allow not understand or allow for was the spirit in which Parliament had in fact

acted. They did not dream with how little comment or reckoning upon conse-quences, or how absolutely without any conscious theory as to power or author-ity, such statutes as those which had angered them had been passed; how nhers of the commons started at Mr. Burke's passionate protests and highpitched arguments of constitutional privilege; how unaffectedly astonished they were at the rebellious outbreak which followed in the colonies.

And, because they were surprised and support of administration adequate support of admini-throughout the deminions of the as the ministers had represented these things to them, members of course

A THEORY FOR STATESMEN.

Published by a special arrangement with the President through The McClure Newspaper Syndicate.

GEORGE III had too small a mind thought the disturbances at Boston to rule an empire, and the fifteen tempest in a teapot, the reiterated proto rule an empire, and the fifteen tempest in a teapot, the reiterated propiece of much ado about nothing.

The radical trouble was that the Parliament really represented nobody bu the King and his "friends," and was both ignorant and unreflective upon the large

matters it dealt with. It was the more certain that the promises of accommodation and peaceful con stitutional reform which the supporters of the government in America so freely and earnestly made would be falsified and that exasperation would follow ex

asperation.
The loyal partisans of the crown in the colonies understood as little as did the radical patriotic party the real attitude and disposition of the King and his mit isters. The men with whom they were could not conceive the American point of view with regard to the matters in dis-

They did not know whereof Mr. Burke spoke when he told them that the colo nial assemblies had been suffered to grow into a virtual independence of Parliament, and had become in fact, whatfor was American opinion.

What the Americans, on their part, did with it in every matter which concerned the internal administration of the col-onies; and that it was now too late to ask or expect the colonists to accept any other view of the law than that which accorded with long-established fact Mr. Burke admitted that his theory was not a theory for the strict lawyer it was a theory for statesmen, for fact must often take precedence of law But the men he addressed were strict legists and not statesmen. There could be no understanding be-

tween the two sides of the water; and the loyalists who counselled submission, if only for a time, to the authority of among their own people.

The spirit of American affairs was with

more and more as the quarrel thiskened.
